Why choose Drug Discovery Today?

We believe that we are unique from any other drug discovery periodical in that we have a blend of print and electronic products that give us the ability to provide a service to our readers and commercial customers that is unrivalled.

Drug Discovery Today, a peer-reviewed journal with reach

Drug Discovery Today is a fully peer-reviewed journal, well-respected in both industry and academia. It has been published since 1996 and contains high-quality review articles and editorials. All published reviews have been individually invited by the Editor; sometimes guided by suggestions from our excellent Editorial Board. The authors chosen to write articles are recognised experts in industry and academia. Our content has a broad and deep impact on the industry that is continuing to grow. The peer review process ensures consistent quality of our articles due to assessment by at least two external experts in addition to in-house review.

As a result of the quality content provided by Drug Discovery Today, we ensure a high quality readership from key individuals and decision-makers in drug discovery and development. This can be seen from the circulation breakdown provided in this media pack.

Drug Discovery Today, a unique innovative brand of products tailored to meet your needs

We have adapted: The Editorial team at Drug Discovery Today, in my opinion, is unlike any other catering for the drug discovery professional. First of all, we are responsive and flexible; we will work with you in a number of ways best to address your needs. We have shown our responsiveness in the ways we have reacted to industry changes over the last few years. A few years ago, we were effectively a print-based product, but since then we have combined with some of our other titles, to provide better coverage and have transitioned to become a digital publication. This allows greater functionality than we previously were able to offer.

With flexibility comes innovation: We now have a portfolio of integrated approaches, described in the pages of this media kit. Because we are flexible, we can discuss with you which combination of products would meet your objectives. We are introducing still more new products during 2016 for both the journal and website in response to comments from our readers, following our history of success from other such introductions.

We’re approachable: The Drug Discovery Today team is more than willing to talk and develop a turnkey solution to highlight your campaign.

However you decide to benefit from Drug Discovery Today, we are here to listen to what is driving your business.

With best regards,

Dr. Steve Carney
Editor, Drug Discovery Today
s.carney@elsevier.com
Our Subscribers

Elsevier circulates Drug Discovery Today to 8,047 qualified digital subscribers who requested the publication and met our strict circulation criteria.* Utilizing Drug Discovery Today and the journal’s associated products for your business objectives will ensure your message reaches our highly qualified global audience.

We plan on increasing the number of qualified digital subscribers and consequently Drug Discovery Today’s market penetration across all regions throughout the next year. We require our subscribers renew their subscriptions regularly, which means you will reach a current and responsive audience that is interested in your products and services. We update our circulation figures regularly on our online media kit: www.drugdiscoverytoday.com/mediakit.

Editorial Highlights

Drug Discovery Today is a fully peer reviewed and well-respected digital journal. Each issue will have its own focus section, comprising several articles on a specific theme.

We deliver highly current reviews to our readers from independent experts, not only addressing the rapid scientific developments in drug discovery associated technologies, but also the management, commercial and regulatory issues that increasingly play a part in how R&D is managed.

Bonus Distribution

Bonus distribution means your advertisement will have greater visibility at key meetings and conferences during 2016.

Our online bonus distribution calendar contains up-to-date listings of conferences and events where Drug Discovery Today will be distributed.

Benefits of partnering with Drug Discovery Today for webinars

• Position your company as a thought leader

Engage with researchers and scientific communities through compelling content around a relevant topic facing your audience.

• Capture qualified leads

Benefit from our extensive experience to attract your target audience through a dedicated marketing campaign. Every registered delegate becomes a self qualified sales lead. Drug Discovery Today readers are highly qualified and have purchasing authority.

• Create significant brand awareness

Webinars are highly effective in reaching a large scientific audience through sponsorship. The Drug Discovery Today brand is trusted for its editorial integrity; the webinars will be moderated by the journal’s editor and co-branded by the journal.

• Truly engage and interact with your audience

Receive immediate feedback via live Q&A and polls. Follow up on unanswered questions and generate dialogue post-event.

• Receive tracking and reporting details within 48 hours

Our comprehensive lead reports show all viewer profiles and usage statistics, allowing your sales team to follow up with leads after the event.

• Benefit from extended archiving

The webinar will be available on-demand following the live broadcast on both Drug Discovery Today and Elsevier websites, thus continuing to generate sales leads and delivering extended ROI.

Contact your sales representative to learn more about how Drug Discovery Today’s webinar program will help achieve your marketing goals.
